MATTRESS
BY APPOINTMENT

"I am a very happy customer. The program thinks of everything. Once it is all understood and up and running, it literally does everything any business owner could possibly want or need. This includes the accounting end, which tracks everything for you. It's just so easy to use!! The cost is super competitive. I have a very specialized type of business and priced all of their competitors. My suggestion is not to even waste time looking at the other options. Let them do a demo for you and you see all that you need!"

Julie LaFond, Mattress by Appointment, Atlanta, GA

Inventory optimized.

Always be up to speed on the products that are selling and the ones that aren't. You'll also know how much each product is costing you and most importantly, the margins you're making. Smartwerks also suggests products to include on your next purchase order. Become an inventory expert in no time.

Customers rewarded.

Your customers can earn discount dollars toward future purchases in two ways. To reward loyalty, customers can earn discounts on each purchase they make in your store. They can also earn discounts by referring friends, family, or acquaintances to your business. We like to call this "word of mouth, with an incentive."
